I'VE ENCOUNTERED SOME,
FASCINATING IMAGERY
FROM THE OLD
WORLD...

THERE APPEARS TO HAVE BEEN
A REMARKABLE INTEREST
IN THESE PARTICULAR
APPENDAGES. WHAT
DO YOU THINK?

✓

YOU REALIZE THIS IS
AGAINST TOS, YES? I'M NOT
EXACTLY DOING THIS
FOR FREE!

A large, pink, cartoonish foot with a face is the central focus. The foot has a smiling mouth and small blue eyes. A speech bubble originates from the foot, containing the text. The foot is positioned on a dark surface, and its shadow is cast to the right. The background is a dark, out-of-focus cityscape at night.

A woman with long blonde hair and large, prominent breasts is the central figure. She has a surprised or shocked expression on her face. She is wearing a white, strapless top that reveals her large breasts, which are adorned with gold rings. Below the top is a brown corset with lacing and a green skirt. She is also wearing large, dark blue gauntlets on her arms. The background is a warm, golden-yellow, textured surface. Four speech bubbles are present: one on the left, and three on the right.

Imposter Syndrome

Holding You Back?

Which Of These 10 Types Can You Identify With?

The Perfectionist

Constantly feels that work must be 100% flawless, fearing any mistake will expose incompetence.

The Expert

Believes they must know everything and feels inadequate if they don't have complete knowledge, often downplaying their expertise.

The Natural Genius

Thinks they should be able to handle tasks easily and quickly. If something requires effort, they feel like a fraud.

The Soloist

Prefers to work alone, feeling like an imposter if they ask for help or collaborate with others.

The Superperson

Pushes themselves to work harder than everyone else, fearing that they don't measure up despite their accomplishments.

The Reluctant Leader

Someone in a leadership role who feels they don't deserve the position and doubts their ability to lead effectively.

The Comparer

Always compares their abilities to others, feeling like they fall short and fearing exposure as inadequate.

The Over-Achiever

Strives to constantly achieve more, thinking that if they stop achieving, their inadequacies will be revealed.

The Outlier

Feels like they don't belong in their group, attributing their success to luck rather than their own abilities.

The Mentor Imposter

Feels unqualified to guide or advise others, often questioning if they have the right to offer their knowledge or experience.

6 Top Tips For Overcoming Imposter Syndrome

TIP1

Acknowledge Your Feelings

Recognise when you're experiencing imposter syndrome and remind yourself it's normal. Awareness is the first step toward change.

TIP3

Stop Comparing

Everyone's journey can be very different. So make sure you focus on your progress and growth, not how you measure up to others.

TIP5

Seek Feedback and Support

Share your feelings with trusted colleagues or mentors. Their perspective can help ground your thinking and validate your abilities.

TIP2

Focus on Your Strengths

List your skills, achievements, and positive feedback regularly to remind yourself of your value and accomplishments.

TIP4

Accept Imperfection

It is very important to strive for excellence, not perfection. Do not fear mistakes. They are opportunities to learn, not proof that you're a fraud.

TIP6

Challenge Negative Thoughts

Replace self-doubt with facts. When a negative thought arises, ask yourself, "Is this based on reality, or am I just overthinking?"

AND SO IT STARTED
WITH DAILY HANDJOBS
BEFORE AND AFTER
WORK.

SOON I DISCOVERED HE
ENJOYED WHEN I SUCKED
ON HIS BALLS TOO.

LUCKING HIS SHAFT ALSO
MADE HIM GO WILD.

EVENTUALLY I HAD TO
PUT IT IN MY MOUTH.

PLAYING WITH ONE BALL
WHILE SWALLOWING THE
OTHER MAKES HIM SHAKE.

BUT NOTHING DROVE HIM
OVER THE TOP BETTER
THAN BEING SHUGGLED
DEEP IN MY THROAT.

NOW BEFORE WORK I
LET HIM SHOOT A BIG ONE
IN MY MOUTH. IT REALLY
MAKES HIS DAY.

ON MY DAYS OFF I LET HIM
UNLOAD ON MY FACE.

HE'S SO HAPPY NOWADAYS
HE'S WALKING AROUND
AND LETTING ME STYLE
HIS HAIR LIKE HE USED TO.
AND I'VE STARTED WEARING
MOM'S HAIRBAND AGAIN.

Just good value overall imo.

Discussion Round 2

Re-read 1 Peter 2:23-25

- 1) Words and lives must communicate the message of the cross!
- 2) Are there any sinful areas in your life right now that you need to die to? (impurity, fear). Remember, Jesus died so that you could die to these. **Safe Space**
- 3) What is area of righteousness that you need to grow in. (self-control/temperance, patience, generosity, serving, showing kindness, boldness, evangelism, joyfulness, having a peaceful demeanor, having a good attitude when suffering)

frankchoartist Cammy, Youtube sketch.

Just posted my Wednesday drawing demo on my Youtube channel. This week, it's Cammy from Street Fighter video game.

I had a blast drawing her, but I had to be careful since Cammy is essentially known for her bunda. ("Thicc ass" for all my non-Brazilian english friends out there.)

frazettagirls Frazetta's lines are organic—flowing with the natural rhythm of the body, yet deliberate in defining volume and weight. With minimal effort, he could carve out a muscular arm or the subtle curve of a torso, leaving just enough negative space to let the imagination fill in the details. The fluid lines give this Frazetta Girl a sense of grace and energy. You can feel it—something between strength and vulnerability, motion and stillness, as if she's just stepped out of a dream.

jml1218 asked:

Hello Mark, what was the cutoff year when cards started following the color pie?

The color pie is an ever evolving thing, so something being true in the past, doesn't necessarily mean it's in color today. That said, I'd say 1998/1999 is where we started getting more serious about it.

jml1218 asked:

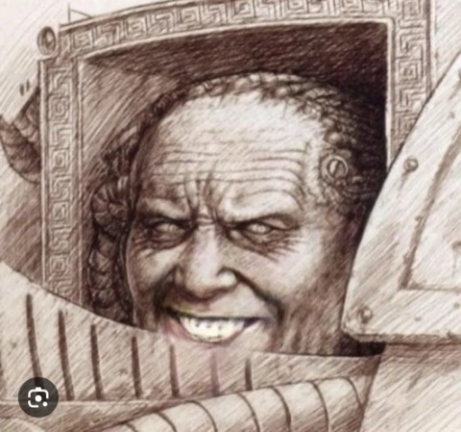

Hello Mark, was Mana Flare a break for red to produce mana?

Early Magic was a little more all over the board colorpewise. The ability is now in green.

28 notes

A cartoon scene featuring three characters. On the left is a black chicken-like character with a large orange beak and a pink crest. In the center is a black and white character with a wide, toothy grin. On the right is a red-headed woodpecker-like character with a blue shirt. They are all looking towards the center character.

Israel Kamakawiwoʻole - Over the Rainbow

God saw you getting tired
and a cure was not to be so
He put His arms around you
and whispered, "Come to Me"
With tearful eyes we watched
you
and saw you pass away
and although we love you dearly
we could not make you stay.
A golden heart stopped beating
two little claws at rest.
God broke our hearts to prove
to us
He only takes the best.

diogoribeiro888 Hi, my name is Diogo Ribeiro, I am a 3D artist in the fantasy genre, with skills in creative design, thus creating some original characters, and also adapting to your style and requirements. My portfolio has some original characters that offer a variety of samples of my work as a character designer and 3D artist, with strong references and a lot of love for the genre and 3D art that help me establish an identity and aesthetics for your models, for your collections and for your projects.

Magic is such a quirky game with hidden themes and inspiration.

Wanna make one on "what would an artifact look like as a record?"

Who better to ask than @brendan54 Jinky social

Pick for the some artifacts you like as records. 🍷🍷🍷🍷

Wings of Fate | Sanguinius
The Automatic Singer

Wings of Fate will carry me high
In duty and death, my honor shall
lie
For the Emperor, I won't descend
I made a vow, until the bloody
end
The shadows weigh, upon my
chest
The end I know, no room for
doubt
There are more things in the
darkness
Than man can ever count
The day will come, the path will
shift

Instant

Destroy target creature. If that creature dies this way, its controller creates two tokens that are copies of that creature, except their base power is half that creature's power and their base toughness is half that creature's toughness. Round up each time.

The audience always loves it, but volunteers are divided.

Killer Cosplay

Artifact — Equipment

Whenever Killer Cosplay becomes attached to a creature, choose a creature card name with an identical mana cost. That creature becomes a copy of the card with the chosen name until Killer Cosplay becomes unattached from it.

Equip 3

*“Ach! Hans, run! Get the camera. He’s adorable!”
—Steffi Bobsdotter, next words*

Sole Performer

2

Creature — Elf Performer

☞: Add ☞☞. Activate only once each turn. (*While activating an ability, use ☞ rather than tapping the permanent to pay for ☞.*)

Elven tap is the official language of three very obnoxious planets.

2/2

Captain Rex Nebula

1   

Legendary Creature — Human Pilot Employee 

At the beginning of combat on your turn, target nonland permanent you control becomes a Vehicle artifact until end of turn. Its base power and toughness are each equal to its mana value. It has crew 2 and “*Crash Land* — Whenever this Vehicle deals damage, roll a six-sided die. If the result is equal to this Vehicle’s mana value, it deals that much damage to any target, then sacrifice this Vehicle.”

Grand Marshal Macie

1  

Legendary Creature — Human Performer 

You may choose not to untap Grand Marshal Macie during your untap step. If you do, put a pause counter on it, then you lose 1 life for each pause counter on it.

Whenever Macie becomes untapped, remove all pause counters from it.

2, ⚡: Choose an “until end of turn” or “this turn” effect. As long as Macie remains tapped, that effect doesn’t end.

2/2

Magar of the Magic Strings

1  

Legendary Creature — Minotaur Performer

1  : Note the name of target instant or sorcery card in your graveyard and put it onto the battlefield face down. It's a 3/3 creature with "Whenever this creature deals combat damage to a player, you may create a copy of the card with the noted name. You may cast the copy without paying its mana cost" and "If this creature would leave the battlefield, exile it instead of putting it anywhere else."

3/3

Centrifuge

Artifact — Attraction

Visit — Each player draws a card from the library of the player to their right. You create three Treasure tokens.

Originally, the rotors were used exclusively as particle accelerators for engine fuel, and they probably still should be.

Ferris Wheel

Artifact — Attraction

Visit — Choose target creature that hasn't been phased out with Ferris Wheel. That creature phases out until you roll a 3 or less while rolling to visit your Attractions.

After a certain point, it becomes more of a prison than a ride.

Storybook Ride

Artifact — Attraction

Visit — Exile the top X cards of your library, where X is the number of Attractions you've visited this turn (*including this one*). You may play those cards this turn. At the beginning of the next end step, if any of those cards remain exiled, put them on the bottom of your library in any order.

You leave the ride either entertained or an elk. Usually the latter.

Swinging Ship

Artifact — Attraction

Visit — After the first combat phase this turn, there's an additional combat phase. At the beginning of that combat, untap all creatures that attacked this turn.

"I feel just like Kari Zev! Ragavan, set a course for Lathnu!"

—Vorthos, Steward of Myth

Solaflora, Intergalactic Icon 3

Legendary Creature — Human Quest

Auras and Equipment you control attached to Solaflora, Intergalactic Icon affect other creatures you control as though those Auras and Equipment were attached to them.

Counters and stickers on Solaflora affect other creatures you control as though those counters and stickers were on them.

3/3

Claire D'Loon, Joy Sculptor

Legendary Creature — Human Performer

When Claire D'Loon, Joy Sculptor enters the battlefield, for the rest of the game, tokens you own become cards that are still tokens.

1 , : You may put a token from your graveyard or hand onto the battlefield.

2/3

Grand Marshal Macie

1  

Legendary Creature — Human Performer

2/2

Meet and Greet "Sisay"

Legendary Creature — Elf Performer

Whenever you cast a spell, choose one —

- *Flavor* — Meet and Greet "Sisay" gets +1/+1 until end of turn for each line of flavor text that spell has.
- *History* — Create a Treasure token if that spell doesn't share an expansion symbol with a permanent you control or a card in your graveyard.

Artifact Creature — Cyborg Advisor

State-based actions don't apply to you or other permanents you control. (You don't lose the game due to having 0 or less life or drawing from an empty library. Your creatures aren't destroyed due to damage or deathtouch and aren't put into a graveyard due to having 0 or less toughness. Your planeswalkers aren't put into a graveyard if they have 0 loyalty. You don't put a legendary permanent into a graveyard if you control two with the same name. Counters aren't removed from your permanents due to game rules. Permanents you control attached or combined illegally remain on the battlefield. For complete rules and regulations, see rule 704.)

A large, detailed anime-style foot is the central focus, shown from the sole side. The foot is a light pink color with darker pink shading on the toes and heel. It has long, thin, dark green toenails. A large, light pink speech bubble with a black outline is positioned above the foot, containing text.
